Congressional Representatives

Cut Pentagon Spending & Close Tax Loopholes

As you look for ways to reduce the federal budget,
please cut Pentagon spending and close tax loopholes
that benefit primarily the wealthiest individuals and
corporations in our society.

Together, these changes could save \$2 trillion over the
next ten years, according to reports from the Sustainable
Defense Task Force and the Congressional Budget
Office.

Do not cut programs that help low and moderate income
families, which will increase hardship and further damage
our shaky economy.
