

## We Need the Congressional Deficit Cutting Super Committee to:

- ***Restore fairness to the tax system.*** Repeal the Bush tax cuts for incomes over \$250,000. Tax millionaires, billionaires, capital gains and speculation.
- ***Create jobs and get people back to work.*** Invest in infrastructure, green energy, education.
- ***Keep Hands Off Social Security.*** It does not contribute a penny to the deficit and it's perfectly solvent.
- ***Control health care costs with Medicare for All.*** Get profit-gouging corporations out of the healthcare delivery system.
- ***End the Afghanistan and Iraq wars.*** Bring all our troops, contractors, and money home.
- ***Cut the bloated Pentagon budget.*** Stop building new weapons systems we don't need. Support a cooperative, less militarized U.S. foreign policy.
